Hej! My name is Marie and I grew up attending a "Forest Kindergarten" in Sweden where no matter what the weather, we played, explored and learned outdoors. We wore well made, comfortable rainwear which kept us warm and dry.

I now sell the same Scandinavian Rainwear in Australia and so far over 400 Kindergartens, Child Care Centres and Family Day Care Providers have purchased these unique Rain Sets, giving children the opportunity to play outdoors in all weather.

These great products protect the clothing, keeping children clean, warm and dry. The material is soft, lightweight and incredibly comfortable to wear. Our products are also made to last. The durability of each item means it will survive the weather, so you can enjoy many seasons of outdoor adventure with the same trusty, well made shoes and clothing. They are created without the use of any animal products and we proudly back our cruelty-free and sustainable designs.
